Du Thanh Minh

Intern Full Stack Developer

📞 0925821477 💌 dubanteo2003@gmail.com 🔗 https://me.dbt19.store 🗣 Dong Hoa, Ho Chi Minh, Viet Nam

OBJECTIVE

Aspiring Full-Stack Developer seeking an entry-level opportunity to gain hands-on experience, enhance programming and system design skills, and grow toward a future leadership role in software development.

EDUCATION

NONG LAM UNIVERSITY - NLU

Sep 2021 - Present

Information Technology

Studied core subjects including Java, Spring Boot, ReactJS, MySQL, Data Structures, Algorithms, and Design Patterns. Gained practical experience through full-stack projects and hands-on development, with a strong focus on building scalable and efficient software solutions. Currently hold a GPA of 3.44.

SKILLS

Programming	Java, JavaScript, TypeScript, Python
Frameworks:	Spring Boot, ReactJS, JSP/Servlet, Redux Toolkit Query, Tailwind CSS, Shaden UI
Project Management	SCRUM, AGILE, Github
Web & Networking	REST APIs, WebSocket, Networking fundamentals, HTTP, DNS, SSH
DevOps & Tools	Linux, Docker, Git, CI/CD (GitHub Actions), Nginx

CERTIFICATIONS

Software Development With Scrum	06-2025
---------------------------------	---------

PROJECTS

AI-Powered Social Media App

03-2025 - 06-2025

Full Stack Developer

A full-featured social media platform that combines AI and real-time technologies. It uses JWT for secure authentication and integrates Spring WebSocket with STOMP for real-time chat, notifications, commenting, and voice/video calling. AI models written in Python handle spam detection and sentiment analysis (positive, negative, neutral) to maintain a safe, engaging environment. Built with Spring Boot, ReactJS, RTK, and MySQL

An Nhien Essential Oil E-Commerce Platform

04-2025 - 06-2025

Full Stack Developer

A full-stack web app built with Spring Boot and ReactJS. Supports product browsing with filters and pagination, cart and wishlist management, product ratings with replies, and secure checkout via MoMo and VNPay. Features JWT-based authentication with role-based access (Customer, Employee, Admin), an admin dashboard for managing products, orders, employees, and revenue stats. Includes real-time order notifications via WebSocket.

Tài Liệu Xanh - Academic Document Sharing Platform

06-2024 - 10-2024

Full Stack Developer

A collaborative document sharing platform for students to upload, explore, and manage study materials. Built with Spring Boot and React, the system supports powerful document discovery and management tools, secure authentication, and full administrative control.
